

By Leona in Year 7

It has been very different in school for us this week

Day

1

On Monday we came into the school office and signed in and we went in to the hall and sat spaced out waiting for Mrs Michael to do the assembly

After that we had a Geography lesson where we went outside and to draw the school and find the perfect place for a picnic. We had break and went to play football on the 3G.

Day

2

On Tuesday we had Mr O' Brien for Maths. We played Gimkit on the computers. We had Science with Miss Black and we learnt there are no such thing as a seagull it's really a herring gull. We looked at the birds of Morecambe Bay.

Day

3

On Wednesday we had Mrs Baines for badminton and we started off by playing with our partner. We used the Library to choose some reading books.

Day 4

On Thursday we made bread with Mrs Windle. It took an hour to do it. I enjoyed eating it! We worked on our individual work on synergy in the afternoon.

Day 5

On Friday we had Mrs Davies and did an English report of the week.

And we did mindfulness with Mr Parrington. We had Mr Collier for computing where we made a spider diagram and then we did some mindfulness activities to help us be less anxious.

Most memorable moment of the week:

My most memorable moment of the week was when we baked bread with Mrs Windle. I have never made bread before.

It felt strange coming to school this week with only a little group of us.

I secretly loved being at school and am looking forward to coming in next week and doing the activities.

I have enjoyed meeting new people.
