Open Evening: 21st September

Open Evening was a huge success with many parents commenting that they would definitely be putting us down as a first-choice school. Please encourage anyone you know with a Year Six child who has not visited to do so. The academy is changing all the time for the better and we would like to showcase this to people.

English:

44 of our Year 10 pupils had a brilliant time on an English trip in Blackpool on Wednesday evening. The pupils visited Blackpool Grand Theatre to watch *Woman in Black* - a text studied for GCSE English Literature here at MBA. The performance was followed by a quick bus tour around the illuminations before getting the students safely home!

Science: Ms Black would like to say

Year 7- The final pieces of homework are coming in for the 'Name your Science lab' competition for homework.

So far special recognition goes to some outstanding work from Anwen T, Katie N and Joe D who have produced some excellent profiles of some Famous Scientists. So Year 7 get your homework in if you want your lab to be named after a famous Scientist.

Year 7 and 8- Crest Award Club starts next Wednesday 3.15pm till 4pm in U3. Sign up with your Science teacher.

Science Post cards of Praise- The following students have been nominated in Science to receive a postcard of praise for excellent work and effort. Well done! Miss Black
