## Pupils' Achievements

### National Apprenticeship Week

Students have had a great week learning about apprenticeships. We have welcomed lots of employers and colleges into school to talk to our students about opportunities, progression routes and general apprenticeship information. A big thank you to Lancaster & Morecambe College, Kendal College, The Army, BAE, The Casey Group and our ex-student Kyle Graham - Rainford for giving up their time to support our school and students.

A massive well done to Emily Rosen-Whitway in Year 11 for competing with her gymnastics team at the Bristol Gymnastics competition last weekend. The team did incredibly well and scored their highest score.

## Year 10 Book Club Review for Social Media

The Year 10 book club has just finished reading '13 minutes' by Sarah Pinborough. This mystery/thriller told the story of Natasha Howland who was dead for 13 minutes before being revived. As the police try to piece together what happened, Natasha, harbouring suspicions about her closest friends, launches her own investigation with the help of former friend Becca, who she abandoned during an ascent into popularity. We thoroughly enjoyed this book as it kept us guessing throughout. An unexpected twist shocked us all at the end, but we won't ruin it for you!

We are excited to move on to 'The Quiet at the End of the World' by Lauren James, which we think will interest the science fiction lovers in the group!
